

QUALIFIED ENTITY ACCREDITATION CERTIFICATE

EASA.ACC.001

This certificate is issued by EASA, acting in accordance with Regulation (EU) No. 2018/1139 on behalf of the European Union, its Member States and of the European third countries that participate in the activities of EASA, to

Stichting Koninklijk Nederlands Lucht- en Ruimtevaartcentrum
“Royal Netherlands Aerospace Centre”

**Anthony Fokkerweg 2
1059CM Amsterdam
The Netherlands**

and certifies the compliance with the essential requirements laid down in Annex VI of Regulation (EU) 2018/1139. The competence, expertise and procedures are at the level required for the scope of accreditation listed below, both on the organisation level and regarding the experts for the required technical domain.

Scope of accreditation – categories of tasks

Perform certification and oversight tasks in the domain of **Flight Simulation Training Device (FSTD)**.

Associated documents

- EASA Accreditation Terms and Conditions: issue 01 of December 2024 (as amended)
- Royal Netherlands Aerospace Centre Application CEI 2025.01, of 25 April 2025
- Accreditation report NLR-2024/FSTD, of 30 July 2025

Privileges

This certificate is limited to the categories of tasks listed above and does not grant the privilege to issue, renew, amend, limit, suspend and revoke certificates, or to receive declarations, to the holder.

Conditions

The accreditation as Qualified Entity is mutually recognised by member state national competent authorities without any further technical requirements or evaluation.

Subject to continued compliance by the accredited Qualified Entity with Article 3(3) of Commission Delegated Regulation (EU) No 2024/1403, this certificate shall remain valid until the date specified below, unless it is surrendered, limited, suspended, or revoked. Certificate validity can be confirmed through the list of accredited Qualified Entities published on the EASA website.

For the European Union Aviation Safety Agency,

Date of issue: 26 September 2025
Valid until: 25 September 2028
